## NATIONAL UNIVERSITY OF UKRAINE

ON PHYSICAL EDUCATION AND SPORT

NUUPES actively promotes its international collaborations, embracing global educational trends and forging partnerships worldwide.

Through participation in international forums,

signing cooperation agreements, and strategic engagement with foreign embassies, NUUPES elevates its global presence and initiatives.

NUUPES significantly expanded its global reach, establishing 35 agreements with institutions across 14 countries.

Hosting delegations from prestigious international bodies and universities, NUUPES showcases its commitment to collaborative ventures in sports education on a global scale.

NUUPES proudly champions EU initiatives such as "Horizon 2020" and "Erasmus+," securing a grant to pioneer innovative master's programs in physiotherapy.

Aiming to enhance professional capacity, develop cutting-edge teaching resources, and pioneer educational infrastructure, driving forward advancements in the field.

Through strategic collaborations with other universities and transformative programs, NUUPES actively facilitates student and staff mobility.

Dynamic initiatives offer students invaluable dual diploma opportunities, exposure to international environments, and immersive internships within EU organizations, empowering them with enhanced global competencies and expertise.
