ISCPES

The international Society for Comparative Physical Education and Sport (ISCPES) was founded in 1978 at the First International Seminar on Comparative Physical Education and Sport held at the Wingate Institute of Physical Education in Israel.

The International Society for Comparative Physical Education and Sport is a research and educational organization. Its purpose is to support, encourage and provide assistance to those seeking to initiate and strengthen research and teaching programs in comparative physical education and sport throughout the world. Specifically, ISCPES distributes research findings and information; supports and co-operates with local, national and international organizations having similar goals; organizes and arranges meetings bringing together people from around the world working in comparative physical education and sport and issues publications.

In the frame of 20th ISCPES Biennial Conference of International Society for Comparative Physical Education and Sport (ISCPES 2014) the VII International Scientific Conference of Students and Young Scientists will de held

Welcome
